Job Objective:

A position furthering my skills in educational/informative multimedia production.

Education:

B.A., June 2003, University of Oregon
Major: Fine Arts Emphasis: Visual Design

A.S., June 1997, Lane Community College
Major: Broadcasting/Visual Design and Production
Internships through L.C.C. included a term at KMTR with the news photography crew and a term with a multimedia house, Interactive Technology Group, editing text for medical multimedia training programs.

Employment:

1997 - Present	Interactive Media Group at University of Oregon Actionscript/Lingo scripter for educational CD-ROM and web projects. The Interactive Media Group exists to utilize and explore emerging media forms.
1987-1997	TUMAC, Inc. Tool buyer and computer maintenance in a machine shop.

Skills:

Solid experience with many software packages, including Macromedia's Flash, Director, Fireworks, Dreamweaver and SoundEdit 16, Adobe Photoshop and Illustrator, Microsoft Windows (all versions), Word and Excel.

Experience with installing/uninstalling all common types of computer hardware and burning CD-ROMS. I have a firm understanding of many of the essential elements of video, photo and sound recording equipment.

References:

Available upon request.

Personal:

In my free time, I enjoy cuisine with good friends and studying the arts and media. I believe visual literacy to be one of the most neglected areas of our educational system. I'm also an amateur musicologist.
